

Mike's Bikes has been a proud supporter of the Norcal League since its inception in 2001. Since then not only do we support with financial backing, we also provide a suite of in-kind offerings to the League and teams all over Northern California. At each Norcal League event you'll be sure to see us there either providing neutral support at every race, giving a helping hand with coaching and mechanical support at winter and summer camps, or leading out fun rides throughout the year. We are passionate about creating new cyclists and growing the sport. We know bikes and keeping them running throughout the season can be tough, so we've created a package to keep you rolling. The following bike, parts & accessory discounts are available for student athletes, coaches and parents. Service discounts are only available for student athletes.

- 25% off on select Santa Cruz Bicycles (special order only, subject to availability)
- 25% off on select Specialized Bicycles (special order only, subject to availability)
- 10% off in-stock bikes
- 15% off all parts & accessories
- \$150 Season long maintenance package on any bike (purchased from us or not). Same level of service as our [5 Year Maintenance Plan](#).
